Nice chatting with you.

Case ID: 102824929878

Here's the transcript of your chat with Apple Support:

Apple
Thanks for contacting Apple Support. Please give me a moment to look over the information you have provided.

Apple
Hello! Issues aside, I hope you are doing well. 😊

Apple
I saw the note about Unexpected shutdown or restart
. Feel free to share more info about the concern.

Suraj Satyarthi
I received this Mac on Feb 8th (11 days ago). It has a major hardware defect. It crashes repeatedly with WindowServer Watchdog Timeouts caused by the AGX GPU driver hanging. It also freezes with nan (Not a Number) brightness errors in the logs. Since this is a critical GPU failure within 14 days of delivery, I am requesting a DOA Replacement Unit, not a repair.

Suraj Satyarthi
Hi Anney

Apple
Hiya! Reading...

Apple
Thanks for explaining what happened, I will assist you

Apple
Just to be sure, you purchased it in Amazon per the screenshot right ?

Suraj Satyarthi
yes

Apple
Thanks for confirming!

Apple
The return period for Apple device purchased at Apple Online and direct store is indeed 14 days. But for 3rd party sellers like Amazon, they have a different return policy. It is recommended to start a return request through them first.
If they are unable to help, what we can do from our end is to check the service options to get the device inspected/serviced using the Limited warranty

Suraj Satyarthi
OK let me connect with Amazon, however This is a brand new machine that failed within 11 days. I am not comfortable with a repaired unit for the price of a new one. How do I get a copy of this chat, incase amazon takes more than 4 days to respond and I cross the 15 days mark !!

Apple
I hear you, no worries because the technicians will provide options. After our chat you will see an option to download the transcript

Suraj Satyarthi
ok let me chat with amazon and get back soon. thanks

Apple
Sure thing! I documented the case for now. I appreciate your time!

Apple
Thanks again for contacting Apple! Have a great one! 😊

Sincerely,

Apple Support
