Nice chatting with you.

Case ID: 102824938226

Here's the transcript of your chat with Apple Support:

Apple
Thanks for contacting Apple Support. Please give me a moment to look over the information you have provided.

Suraj Satyarthi
my previous case number is 102824929878

Suraj Satyarthi
I received this Mac on Feb 8th (11 days ago). It has a major hardware defect. It crashes repeatedly with WindowServer Watchdog Timeouts caused by the AGX GPU driver hanging. It also freezes with nan (Not a Number) brightness errors in the logs. Since this is a critical GPU failure within 14 days of delivery, I am requesting a DOA Replacement Unit, not a repair.

Suraj Satyarthi
I contacted amazon but they said that the return window closed on 16 Feb 2026 Monday

Suraj Satyarthi
Hi Santos

Apple
Hi there Suraj! Thank you for the information. I noticed you were typing so I was waiting for you to complete so I did not interrupt. I am downloading the screenshot. Also that was sent over. I am sorry to hear that you are having issues with the Mac that was just delivered on February 8 11 days ago and you are requesting a DOA replacement not a repair. Do I have that correct?

Suraj Satyarthi
yes Santos

Apple
Thank you for confirming. I certainly want to do everything I can to help on my end. With my troubleshooting and options for the Mac if the Mac is not responding and it was DOA the options I have available over chat support will be repairs. I understand you're not looking for a repair and you're looking for a DOA option. If you do not wish to continue with the repair options, you can't speak to our phone team!

Apple
I can get the number for you to call or have them call you what option is best?

Suraj Satyarthi
understand. Since this is a brand new machine that failed within 11 days of delivery, a repair is not acceptable to me. I would like to pursue the DOA Replacement option. Please have the phone team call me immediately to arrange this. Plz give me the number and they can also call me on 9584569666

Apple
Absolutely. I'm showing it since it is a item within 11 days of purchase have you reached out to the seller Amazon?

Apple
Oh I see that message was hiding above the photo

Apple
I will make sure I note that information for the case

Suraj Satyarthi
To provide full clarity: This machine has experienced significant instability, freezing twice within just the last 2 hours. As this is my primary work and personal device, I cannot rely on a system that exhibits such critical hardware failures from the start. Given these severe issues on a brand-new unit, I have lost confidence in this specific machine and am requesting a DOA replacement to ensure I have a reliable, defect-free device.

Apple
Thank you for clarifying. I am sorry to hear that you are having this issues with the Mac being newly purchased. I will make sure I note that information for the case. I am setting up the call now. I see they can call at 9 am.

Suraj Satyarthi
I have already attempted to return this unit through Amazon. However, their automated system confirmed that the 7-day return window closed on February 16, 2026—just three days ago.

Apple
Thank you for the photos. I will have them attached to the case as well.

Suraj Satyarthi
Can we schedule it for 11 AM !!

Apple
Sure! I will change it for 11 am

Apple
I have that call scheduled for you. You will receive a call at 11 am. Please make sure that you do not have Silence Unknown Callers enabled if you are answering the call on an iPhone. (Settings > Phone> scroll down for Silence Unknown Callers).

Suraj Satyarthi
Noted, What does the process look like during and after the call kindly note this is my main work laptop

Apple
I have noted the case for you. The senior advisor will be able to see the notes and the photos to check the options from here since it is your work laptop they will certainly do everything they can to help.

Suraj Satyarthi
Okay, thank you very much for your time, Santos

Apple
You are very welcome! Thank you for contacting Apple Support. Have a great day!

Sincerely,

Apple Support
